

The map displays a coastal region with a grid overlay. Key features include:

- Grid System:** A coordinate grid with X and Y values. X values range from approximately 238855 to 238910, and Y values range from approximately 7095 to 7255.
- Labels:**
  - 现有红树林 (Existing Mangrove):** Multiple labels indicating the presence of mangrove forests in various areas.
  - 潮沟 (Tidal Channel):** Labels indicating the location of tidal channels.
  - Coordinates:** Numerous points are labeled with their X and Y coordinates, such as X-238855.576, Y-3667187.389, X-238855.576, Y-3667187.389, X-238855.576, Y-3667187.389, etc.
- Geographical Features:** The map shows a large body of water on the left, a narrow channel in the center, and a large landmass on the right. The grid is overlaid on the landmass.
